| 13 | Galadriel (psych) | | | | Beautiful psych. Bias off | | Did very badly and bias was on because CVS server was off. Tuned off bias for real. | Gorgeous. Bias still isn't off!!! | Rig is screwed. Updates are not happening. Manually set bias again. | | | | | |
| 14 | Balrog (psych) | | | | Beautiful psych. Bias off. | | Good psych but CVS server was down. Tuned off bias again. | Bias turned off didn't work. Redid it. What the ...? | Bias turned off - finally! | | | | | |
| 15 | Meriadoc (freeze) | Removed EOD logic | | | | Needs a couple more days on D.8 | Short session. | | 87%. Another couple days and I'll lesion him. His high timeouts are not worth more time. | | | | | |
